🔗 Portfolio

📄 PROFILE

Enthusiastic and quick-learning full-stack developer eager to begin my career in software development. Possessing a foundation in Java, JavaScript, and web technologies, I am passionate about contributing to innovative IT solutions. I am eager to collaborate on projects, learn new skills, and apply my problem-solving abilities to contribute to a dynamic team. I'm particularly interested in leveraging AI tools and prompts to enhance development practices.

📁 PROFESSIONAL EXPERIENCE

Quality Analyst Intern

KIET Infra Engineering Pvt. Ltd.

2023/12 – 2024/06

Noida, India

- Reduced post-release bugs by 25% through manual testing, regression testing, and structured bug reporting.
- Improved bug resolution speed by 20% using test scenarios, error analysis, and detailed QA documentation.

📁 PROJECTS

Glow Services | Full Stack Beauty & Wellness E-commerce Platform 🔗

Technologies: React.js, Java Spring Boot, PostgreSQL, AWS S3, Google Gemini AI, Tailwind CSS, JWT.

- Developed a comprehensive full-stack application for booking beauty services and purchasing products, featuring separate **Admin** and **Customer** portals.
- Architected secure **RESTful APIs** using **Spring Boot** with **JWT authentication** and Role-Based Access Control (RBAC) to secure admin routes and customer data.
- Integrated **Google Gemini AI** to automate content creation, allowing admins to generate professional blog posts directly via the dashboard.
- Implemented **AWS S3** for scalable cloud storage of product images and **Gmail SMTP** for automated email notifications.
- Designed a responsive **React** frontend featuring a data-rich Admin Dashboard for tracking KPIs like monthly revenue, booking status, and inventory levels.

🧠 TECHNICAL SKILLS

Programming Languages:: Java, JavaScript, OOPs

Frontend Development:: Reactjs, Tailwind CSS, HTML, CSS

Backend Development:: Spring, Spring boot, Spring Data JPA, Spring MVC, Spring Security, REST API, RESTful Microservices, Spring Cloud

Database:: SQL, Hibernate

Tools: Git, GitHub, VS Code, Postman, Vercel, Heroku, Docker, AWS (S3)

📄 CERTIFICATION

Full Stack Java Development with Spring Boot & Microservices 🔗

CodeSquadz

2024/08 – 2025/06

Noida, India

🎓 EDUCATION

Bachelor of Computer Application

Indira Gandhi National Open University (IGNOU) 🔗

2020 – 2023

New Delhi, India
